Art Unit: 1795

Claims 13-34, 37-40, 60 and 61, for reasons of record applied to original claims 1-34, 37-40 and 60, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 61 is now no longer dependent on claim 56, but on claim 60, and is thus indefinite for the same reason as for claim 60.

Claims 1-12 are allowed. The prior art does not disclose a fluorinated ion exchange polymer comprising a base polymer, onto which are grafted trifluorostyrene monomers, in which the aromatic ring has a substituent that includes a SO<sub>2</sub> or SO<sub>3</sub> moiety, connected to the ring via a partially fluorinated or perfluorinated carbon chain, where the SO<sub>2</sub> or SO<sub>3</sub> moiety is also connected to a single fluorine atom, hydrogen, ammonium, a NH<sub>2</sub> group, or a nitrogen with a second SO<sub>2</sub> moiety and fluorine atom. These claims have been amended to remove the rejection under 112, second paragraph.

Claims 13-34, 37-40, 60 and 61 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. These claims also recite the above-mentioned polymer.

Applicant's arguments filed 08 August 2008 have been fully considered but they are not persuasive.

Art Unit: 1795

Applicant argues that claim 1 has been amended to recite that “Y” is selected independently for the two monomers 1a and 1b. This is true for claim 1, but not for the other independent claims 13, 18, 32, 40 and 60.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
